Education field: Agriculture, forestry and fishery, Transport services

Language skills: English basic, Finnish (Suomi)>Basic, Russian (Русский)>Basic

Work experience: Work experience is not required

Application methods: Application via platform

<https://www.europeanjobdays.eu/en/job/strawberry-picker> and send CV in English to eures@afolmet.it

Type of position: Seasonal

Number of positions: 10

Date of expiry: Thursday, April 15, 2021

Our strawberry farm lies in central Finland and every year we hire about 30 seasonal workers. This time we are looking workers for harvesting season, which is about a month long and starts usually in the end of June or early July.

We expect our workers to be hardworking and honest, to be able to work outside in any weather and to be in good health.

Sincerity and tolerance are also good features, when you are working in foreign country and living together with people from different countries. We would like to hear, if you have special skills, for example experience of driving tractor or driving licence C.

The work will include picking strawberries. Few workers will be placed in quality control, packing and transporting.

In harvesting work we use piece rate instead of normal hour wage. If you are hardworking, you can earn good money!

Other terms of employment are determined in collective agreement.

We offer you also farmer's help with working documents and every-day life in Finland.

Seasonal workers live in our farm in cozy 2-6 persons rooms.

Kitchen, toilets and showers are common to all.

Free WiFi and washing machine are in free use and we also have a car for going to the market.

In your free time you can for example enjoy beautiful Finnish nature by walking, riding a bike or rowing a boat.

Likely the COVID19 -situation will affect to our lives during the spring and summer 2021 too.

To avoid lots of changes, we wish the chosen workers to leave application for seasonal work certificate in good time, get ready for little higher travelling costs than usually and be prepared for quarantines on the way to Finland and back.

If you are interested, please leave an application here
