Job description:

In Östergötland we have three hospitals; Linköpings University Hospital, Vrinnevi Hospital in Norrköping and Motala Hospital. All three hospitals is provided with specialized care.

We are currently looking for both general nurses as well as specialised nurses to our hospitals within:

- Neurology
- Cardiology
- OR
- Dialysis
- Psychiatry

With the support from
the European Union Programme
EaSI 2014-2020

- Radiology
- ENT
- Anesthesia

Region Östergötland are a leading unit where research and development is an obvious part of our business. We use a lot of technical solutions. For example, in several departments the nurse are provided with a reading tablet where we can read in the patient's medical record and check the treatment prescription. With us, you work in close collaboration with other nurses, assistant nurses and doctors. We value work-life balance; therefore we try to meet individual requirement for work and holidays.

Personal characteristics

You see yourself as a team player with a good ability to communicate. You are structured and perform your work with great responsibility. You enjoy collaborating with team members to support the development and growth of the service. You see opportunities in change and have a positive humble appearance.

If you are also a person with thoughts and visions about how we can develop and improve care, you will fit in with us! If you choose to work with us, you will come to a fun and wonderful working group with helpful and supportive colleagues that will take good care of you.

Qualifications and requirements:

- *EU/EEA Registered nurse*
- *EU/EEA citizenship*
- *Good English communication skills*
- *Basic computer skills in Microsoft Office*
- *Highly motivated to start learning Swedish up to a B2 level, before arrival in Sweden*

ISCO Profile requested:

2221 □ General Nurse

2239 □ Specialist Nurse
