Mansione Experienced Veterinarians

IVC Evidensia is Europe's largest veterinary care provider, located in 17 countries. Evidensia (Sweden) is a part of IVC Evidensia.

In Sweden we are located in 74 places from north to south. We have small clinics and large animal hospitals. Working as a veterinarian with us is very varied job and you have the possibility to work either in a bigger hospital or a smaller clinic or both. You will experience an exciting variety of complex and more routine cases.

Together we work to drive the development of veterinary medicine forward, for the benefit of the animals every day. You will also have good support from your colleagues who you will be working with.

The Role:

We are looking for experienced Veterinarians to several of our clinics in Sweden. We mostly look for veterinarians with experience of small animals but in some locations, we also have a need of equine veterinarians. We value your personal qualities. We are happy to see that you have the desire to develop long-term career with us.

You enjoy working in teams, deliver with quality and have a trustworthy attitude. We believe that you are thorough, responsible, communicative with both pet owners and employees and contribute to a pleasant and open work climate.

It is important that you learn Swedish to be able to communicate with pet owners and journals must also be written in Swedish. We will support you in your Swedish language education.

At Evidensia everyone takes responsibility for each other, regardless of professional category. We care about each other. Good communication with both pet owners and colleagues is important to us. It is important that you are positive person spreading good energy and you like to cooperate with others. Of course, you love animals as much as we do and identify yourself with our core values; commitment, joy, respect, competence and innovation.

We are looking for you who are social, forward-thinking and like to contribute to a good atmosphere in the working group and you have a good sense of service and problem solving.

To be able to serve as a veterinarian in Sweden, Swedish veterinary license and the necessary knowledge of the Swedish language are required. For further information please see: <https://djur.jordbruksverket.se/swedishboardofagriculture/engelskasidor/animalhealthstaff/veterinaryqualifications/veterinarian.4.6621c2fb1231eb917e680003705.html>

We believe it is a big advantage if you can start studying Swedish even before moving to Sweden.

The positions are full-time, 40 hours per week. In our animal hospitals we also work evenings, nights and weekends. We offer, 25 days holiday, compensation for wellness, discounts. Salary: from 35.000 to 50.000 SEK for month (3080€-4400€ approx for month)

We are flexible with start date. We can advise you about the mobility project "Targeted Mobility Scheme" to learn more about possibilities on economical contribution to come closer a job in Sweden. Vacancies: We have vacancies all over Sweden among other places: Jönköping, Stockholm, Västerås, Malmö, Lund, Piteå, Luleå, Gotland. You can see current vacancies (in Swedish only) on: Jobs list - Evidensia Djursjukvård

To apply: Please send your CV and cover letter in English to Head of Talent Acquisition Karin Rose, Karin.rose@evidensia.se and cc to eures@afolmet.it

Riferimento EURES Svezia

Mansione Veterinarian

Are you our next veterinarian?

Distriktsveterinärerna is the veterinary instance to ensure animal welfare in Sweden.

Distriktsveterinärerna is a part of the Swedish Board of Agriculture, and are roughly translated to "Veterinarians of the District".

We have an around-the-clock service to clients all over the country. We have an unique knowledge of animal health and we are contributing to animal health and safety. We work toward individuals, companies, authorities and we offer services for acute and preventive veterinary care and disease control. We stand up for ethical veterinary care and we are committed to do the little extra for the customer as well as for our colleagues.

We are proud to make a difference and create value in every meeting with a customer. With the animals and their owners in focus, we work together to improve ourselves and our way of working. Always with our feet on the ground and our hearts in the right place.

Our clinics are located in about 80 locations in Sweden, from Tomelilla in the south to Kiruna in the north. About 500 licensed veterinarians, registered veterinary nurses, and animal caretakers are working here. Our veterinarians are general practitioners but several of them also have specialist competence.

Our organization gives you the opportunity to work with several different animal species, access to competent colleagues and a varied and interesting job.

With us, you get the opportunity to work with several different animal species and no day is like the other. Our work includes both work in the clinics with pets and work on "the field" when we visit our customers in barns and stables which means that our work also includes farm animals and horses. Driving is a natural part of the job and you need to feel comfortable with driving. Our goal is to create a workplace where everyone enjoys to work and thereby get the right work conditions to do a good job.

When you work with us, you will never get bored - we have a very stimulating and varied job. Due to the around-the-clock service, we are prepared to work if necessary during nights and weekends. Schedule including this is part of the employment.

Qualifications

To be able to work in Sweden you have to have a veterinary education of at least five years.

The education must be at a collage or university level that gives the right to practice the veterinary profession in the country where you completed your education.

We are open to hire veterinarians that are newly graduated and also veterinarians that has work experience. You also need to have permit from the Swedish Board of Agriculture to work as a veterinarian. We will help you to get the necessary information for this process.

If you are a citizen of an EU/EEA country or Switzerland you can work temporarily in Sweden on your foreign qualifications, that is, you do not need to apply for a Swedish veterinary license if you are only going to work here temporarily.

If you intend to establish yourself in Sweden, you have to apply for a license. There is a possibility to apply for a temporary provision of veterinary services and a license with the exception of the language requirement while you are learning the Swedish language. If so we will support you to fulfill the requirement of writing medical records in Swedish until you have language knowledge yourself.

To be relevant for a position at Distriktsveterinärerna you need to be fluent in English, at B-level, and have a strong ambition to learn Swedish since you need to reach a good knowledge of the Swedish language, both orally and in writing. You, who are applying for this position, need to be independent and on the same time you need to have the ability to work with others in a team. You need to be loyal, service-minded and have good judgment. As a veterinarian, you need to take part of the development and the improvement of your own work as well as the clinics work.

You need to enjoy to work in an organization with quick changes, where we adapt and help each other to handle the situations that arise. At Distriktsveterinärerna you will be a very important employee and together with your collegous you will be a part of fulfilling our assignment.

We will offer you an introduction period when your are starting to work with us to make sure that you will get all information needed. We will do our best to help you in your process of getting established in Sweden. There is even a mobility project called Targeted mobility scheme that can facilitate the process in starting a new job in Sweden. other information: 40 hours a week salary: for newly graduate fixed salary of 33.500 SEK for month (2953€ approx) + variable salary component due to on call services
