## PROVA 2

### Biodiversity

The Australian Department of Climate Change, Energy, the Environment and Water has asked Italy for a short report (max. 1000 words) on the EU approach to nature restoration and biodiversity with a particular focus on Italy's activities in this field, illustrating the **background**, the **current situation** and **government policies and actions**.

Use the information in the dossier to write your report in English for the Australian Department of Climate Change, Energy, the Environment and Water.
